Council on Community Pediatrics

Mission: To promote, support and guide the dimensions of pediatric care that address the health needs of all children in the community.

Vision: To improve the health of all children and families in their communities, reduce health disparities, and promote health equity as a basic right.

Guiding Principles: To work toward the achievement of the recommendations in the AAP policy statement "The Pediatrician's Role in Community Pediatrics" through:

<i>Advocacy</i>	<i>Innovation</i>
<i>Collaboration</i>	<i>Leadership</i>
<i>Dissemination</i>	<i>Technical Assistance</i>
<i>Education</i>	

American Academy
of Pediatrics

Council Activities

The Council on Community Pediatrics provides a forum for networking, education, and policy development for pediatricians and other health care professionals with an interest in community pediatrics.

Educational & Networking Opportunities: The COCP holds an annual awards ceremony at the AAP National Conference and Exhibition. The Council sponsors educational sessions and activities at AAP national, state, and other conferences.

Special Interest Groups: Special Interest Groups addressing Indian Health, Community Pediatrics Education and Training, Prevention and Public Health, and Rural Health, provide networking opportunities and support areas of interest and expertise.

Technical Assistance & Training: The Mentorship and Technical Assistance Program allows financial support to COCP members to bring an expert to their communities to serve as mentors or visit model academic, clinical, or community sites.

Recognition: Members can highlight their programs and activities in the newsletter. The COCP also recognizes outstanding contributions to community pediatrics through the annual Job Lewis Smith Award, Calvin C. J. Sia Community Pediatrics Medical Home Leadership and Advocacy Award, and Local Heroes Awards.

Information Sharing: The COCP maintains a [Web site](http://www.aap.org/COCP) (www.aap.org/COCP) to inform its members of current activities.

“Community pediatrics [has sought] to provide a far more realistic and complete clinical picture by taking responsibility for all children in a community, providing preventive and curative services, and understanding the determinants and consequences of child health and illness, as well as the effectiveness of services provided.”

~Robert J. Haggerty, MD, FAAP

To join: Current AAP members can join the COCP at the [AAP Member Center Web site](http://www.aap.org/MemberCenter). Affiliate members should submit the [section affiliate application and sponsor form](#). Affiliate applications are forwarded to the COCP Executive Committee for review and approval.
