

## Mentorship & Technical Assistance Program

*Do you have a child health problem in your community that you are unsure how to address?*

*Do you need advice on how to begin working with local child care providers?*

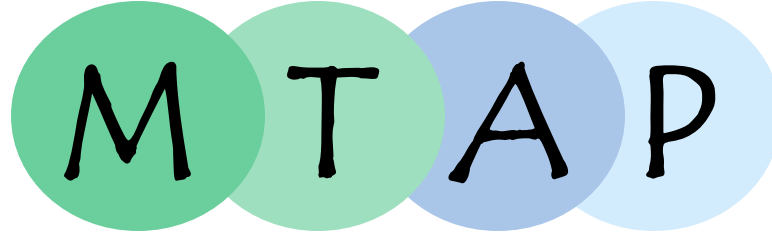

*Do you need help developing a community-based solution to address mental health or obesity issues in your practice?*

Apply TODAY for funding from the Mentorship & Technical Assistance Program (MTAP)!

**MTAP grants assist COCP members to improve their community pediatrics skills and/or develop and implement innovative programs in their community through a mentorship relationship.**

**Grants allow the mentor to visit an applicant's location or for the applicant to visit the mentor's location. The mentor provides one-on-one consultation is about a specific community pediatrics skill or technical assistance in implementing a community-based project.**

For more information and to apply for an MTAP grant, e-mail [cocp@aap.org](mailto:cocp@aap.org) or visit the [MTAP page](#) on the Council on Community Pediatrics Web site! (<http://www.aap.org/COCP>)
